NOTE:

- Sharing is caring. This source code is for learning purpose, in order to help you gain more knowledge. Please do not use it for business purpose. If you need any assistance/help, please contact me via my email address cngirwa2007@gmail.com

- Updated version will be released upon requests by users.

- I am not responsible for any damage that might occur to your computer after using this system. Use it at your own risk

- The 'Check Updates' button is currently not implemented due to privacy of my google drive. Therefore, I advise you to use your own google drive to see if it is working. *(It worked fine on my Stationary Information System project)*

Thank you for your understanding.

!!!Happy~$<<←\--c0D!n&--/→>>~!!!
